Organs - 3 Manual Organ

The pipe organ is played from an area called the console or keydesk, which holds the manuals, pedals, and stop controls. In electric-action organs, the console is often movable. This allows for greater flexibility in placement of the console for various activities. Some very large organs, such as the van den Heuvel organ at the Church of St. Eustache in Paris, have more than one console, enabling the organ to be played from several locations depending on the nature of the performance. Controls a

The second manual up from the bottom is the "Great" manual. The third manual on a 3 manual instrument is the "Solo" manual. "Solo" is almost always the name of the topmost manual on any large TPO. If the instrument has 4 manuals, they would be named "Accompaniment", "Great", "Orchestral", and "Solo". On a rare 5 manual instrument, they would be named "Accompaniment", "Great",
