performance that serve as evidence of learning. Unlike a selected-response item (e.g., multiple-choice or matching) that asks students to select from given alternatives, a performance task presents a situation that calls for learners to apply their learning in context.

Planning Institute. There is widespread support for the principle of creating more sustainable communities, but much hazy, wishful-thinking about what this might mean in practice. In reality, we witness more the death of local neighbourhoods than their creation or rejuvenation, reflecting an increasingly mobile,

Sustainable Communities
examines the
practicalities of re-
inventing
neighbourhoods. It is
neither an idealistic,
utopian tract nor a
designer's manual, but is,
rather, a serious attempt
to address the real issues.
This collection of expert
