Barbara Yambura was truly an Amana Dauther, descendant of a people in whose tradition and lineage she took pride. She delighted in sharing her rich Amana experiences and the vivid memories of her youth and young womanhood. In this personal account, she has been sensitive to the significance of this unique social experiment and sympathetic to the inevitable change destined to occur. 'Anna's' story is, in truth, an authentic chronicle which will serve history for many years to come. "This account of a typical childhood as experienced by those isolated from the outside world should be read as a piece of authentic Americana, and as Americana it is recommended."-Library Journal

The Amana Colonies were founded by members of the Community of True Inspiration, a Pietist sect that originated in southwest Germany in 1714. Beginning in 1842, members of the sect migrated to New York and founded the Eben-Ezer Society, in which land, shops, and homes were owned communally. Members worked at assigned jobs, attended 11 church services each week, and received food, clothing, and shelter. Beginning in 1855, the community relocated to a 26,000-acre tract in eastern Iowa, where they founded the seven Amana villages, each with its own church, school, general store, craft shop, and barns. A disastrous fire, economic downturns, and a growing dissatisfaction with communal life led the members to vote to reorganize as a separate business and church organization in 1932. Images of America: Amana Colonies: 1932-1945 examines a time when the Amana people worked to preserve aspects of their traditional religious and cultural life while, simultaneously, learning to embrace American life and the waves of people who visited these unique villages in growing numbers.

Bestselling Author Judith Miller Debuts New Series Set in the Amana Colonies When Karlina Richter finds out that a new shepherd will be sent to East Amana, she fears she'll no longer be able to help her father with the sheep. She'll be relegated back to kitchen work, a job she dislikes. Her fears increase when Anton Becker arrives and shows little interest in the flock--or in divulging why he's been sent to East. Dare she trust Anton to help her father, or is he keeping secrets that will impact them all? After learning that her father will be transferred from Cincinnati to a job in Texas, Dovie Cates decides she wants to visit the Amana Colonies, where her mother spent her formative years. She writes to relatives still living in the Colonies and is invited to spend some time there. Soon after her arrival, Dovie meets Berndt, the handsome young man who delivers bread to the kitchen house each day. But when Dovie begins to ask questions about her mother's past, no one seems willing to tell her anything, so Dovie decides to take matters into her own hands. Will her decision spell disaster for her future with Berndt?

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

For many years, Ilsa Redlich has helped her parents run a hotel in South Amana, but as the United States enters the Great War, she can feel her world changing. The residents of the towns surrounding the Amana Colonies used to be accepting of their quiet, peaceful neighbors, but with anti-German sentiment running high, the Amana villages are now plagued by vandalism, threats, and insults. Things get even worse when Ilsa finds out her family won't be allowed to speak German in public--and that Garon, the childhood friend she's long been smitten with, has decided to join the army. Jutta Schmidt is shocked when several members of the Council of National Defense show up on her family's doorstep. Sure, the Schmidts once lived in the Amana Colonies, but that was years ago. She's even more surprised when the council demands that she travel to Amana and report back on any un-American activities. Not daring to disobey the government agents, Jutta takes a job at the South Amana hotel, befriends the daughter of the owners, and begins to eavesdrop every chance she gets. When Jutta hears Ilsa making antiwar remarks and observes Garon assisting a suspicious outsider, she is torn at the prospect of betraying her new friends. But what choice does she have? And when Garon is accused of something far worse than Jutta could imagine, can the Amana community come to his aid in time?

All Gays Go to Heaven is the memoir of Reece Manley's life challenges, life affirmations and insights on the fact that All Gays Go to Heaven.

Advertising expenditure data across multiple forms of media, including: consumer magazines, Sunday magazines, newspapers, outdoor, network television, spot television, syndicated television, cable television, network radio, and national spot radio. Lists brands alphabetically and shows total expenditures, media used, parent company and FIB classification for each brand. Also included in this report are industry class totals and rankings of the top 100 companies in each of the media.

The author focuses on the marketing perspective of the topic and illustrates how women's roles in society have shifted during the past century. Among the key issues explored is a peculiar dichotomy of American advertising that served as a conservative reflection of society and, at the same time, became an underlying force of progressive social change. The study shows how advertisers of housekeeping products perpetuated the Happy Homemaker stereotype while tobacco and cosmetics marketers dismantled women's stereotypes to create an entirely new type of consumer.
