Throughout time, from ancient Rome to modern Britain, the great empires built and maintained their domination through force of arms and political power. But not the United States. America has dominated the world in a new, peaceful, and pervasive way — through the continued creation of staggering wealth.

~~Empire of Wealth: The Epic History of American Economic...~~

Empire of Wealth, a look at the economic history of the United States from the first European settlers to the early 2000s, is a nice selection for readers just getting their feet wet on the topic. The length of the book necessitates that it cannot delve into too much detail about any particular era. This trait is both a strength and a drawback.

The main source of wealth for the Empire of Ghana was the mining of iron and gold. Iron was used to produce strong weapons and tools that made the empire strong. Gold was used to trade with other nations for needed resources like livestock, tools, and cloth. They established trade relations with the Muslims of Northern Africa and the Middle East.
