This Norton Critical Edition of Death and the King's Horseman is the only student edition available in the United States. Based on events that took place in 1946 in the ancient Yoruban city of Oyo, Soyinka's acclaimed and powerful play addresses classic issues of cultural conflict, tragic decision-making, and the psychological mindsets of individuals and groups. The text of the play is accompanied by an introduction and explanatory annotations for the many allusions to traditional Nigerian myth and culture.

Based on real events that took place in Oyo, the ancient Yoruba city of Nigeria, in 1946, Nobel Prize-winner Wole Soyinka's play tells how Simon Pilkings, a well-meaning District Officer, intervenes to prevent the ritual suicide of the Yoruba chief, Elesin.

Colonial District Officer Simon Pilkings and his protege, Olunde, whose medical training in England Pilkings arranged, clash over Pilkings' determination to interfere with Olunde's father's ritual suicide, traditionally required of a dead king's chief horseman.

Elesin Oba, the King's Horseman, has a single destiny. When the King dies, he must commit ritual suicide and lead his King's favourite horse and dog through the passage to the world of the ancestors. A British Colonial Officer, Pilkings, intervenes to prevent the death and arrests Elesin. The play is a set text for NEAB GCSE, NEAB A Level and NEAB A/S Level. 'A masterpiece of 20th century drama' - Guardian "A transfixing work of modern world drama" (Independently), "clearly a masterpiece. . . he achieves the full impact of Greek tragedy" (Irving Wardle, Independent on Sunday); "the action of the play is as inevitable and eloquent as in Antigone: a clash of values and cultures so fundamental that tragedy issues: a tragedy for each individual, each tribe" (Michael Schmidt, Daily Telegraph)

A member of the unique generation of African writers and intellectuals who came of age in the last days of colonialism, Wole Soyinka has witnessed the promise of independence and lived through postcolonial failure. He deeply comprehends the pressing problems of Africa, and, an irrepresible essayist and a staunch critic of the oppressive boot, he unhesitatingly speaks out. In this magnificent new work, Soyinka offers a wide-ranging inquiry into Africa's culture, religion, history, imagination, and identity. He seeks to understand how the continent's history is entwined with the histories of others, while exploring Africa's truest assets: "its humanity, the quality and valuation of its own existence, and modes of managing its environment—both physical and intangible (which includes the spiritual)." Fully grasping the extent of Africa's most challenging issues, Soyinka nevertheless refuses defeatism. With eloquence he analyzes problems ranging from the meaning of the past to the threat of theocracy. He asks hard questions about racial attitudes, inter-ethnic and religious violence, the viability of nations whose boundaries were laid out by outsiders, African identity on the continent and among displaced Africans, and more. Soyinka's exploration of Africa relocates the continent in the reader's imagination and maps a course toward an African future of peace and affirmation.

The plays included in this volume are: "Death and the King's Horseman" by Wole Soyinka; "Anowa" by Ama Ata Aidoo; "The Chattering and the Song" by Femo Osofisan; "The Rise and Shine of Comrade Fiasco" by Andrew Whalley; "Woza Albert!" by Percy Mtwa, et al; and "The Other War" by Alemseged Tesfai.

The sixth installment of Bernard Cornwell's New York Times bestselling series chronicling the epic saga of the making of England, "like Game of Thrones, but real" (The Observer, London)—the basis for The Last Kingdom, the hit television series. As the ninth century wanes, Alfred the Great lies dying, his lifelong goal of a unified England in peril, his kingdom on the brink of chaos. Though his son, Edward, has been named his successor, there are other Saxon claimants to the throne—as well as ambitious pagan Vikings to the north. Torn between his vows to Alfred and the desire to reclaim his long-lost ancestral lands in the north, Uhtred, Saxon-born and Viking-raised, remains the king's warrior but has sworn no oath to the crown prince. Now he must make a momentous decision that will forever transform his life and the course of history: to take up arms—and Alfred's mantle—or lay down his sword and let his liege's dream of a unified kingdom die along with him.

The first novel written in the Yoruba language and one of the first to be written in any African language.

From the Booker Prize-winning author of The Satanic Verses comes nine stories that reveal the oceanic distances and the unexpected intimacies between East and West. Daring, extravagant, comical and humane, this book renews Rushdie's stature as a storyteller who can enthral and instruct us with the same sentence.
