Eriugena's contemporaries invariably refer to him as Joannes Scottus or Joannes Scottigena. In the manuscripts of the tenth and subsequent centuries the forms Eriugena, Ierugena, and Erigena occur. Of these, the oldest and most acceptable, philologically, is Eriugena, which, as it was perhaps sometimes written Eriygena, was changed into Erigena.

Eriugena's main work, Periphyseon (de divisione naturae), is a remarkable attempt at a real intellectual synthesis between the Bible and Neoplatonist philosophy. It was not looked upon with great favour in the West except by the mystics and, more recently, by German Idealist philosophers of the last century. Now, however, because of the growth of interest in Medieval Studies, there is an ...
