Lee also noted strong resemblances between societal reactions to COVID-19 and those during Philadelphia’s 1793 yellow fever epidemic and the 1918-19 Spanish flu pandemic worldwide.

It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight—the fight to stay alive.

In 1793 Philadelphia, sixteen-year-old Matilda Cook, separated from her sick mother, learns about perseverance and self-reliance when she is forced to cope with the horrors of a yellow fever epidemic. 10,000 first printing.

A searing look at the effects of post traumatic stress on soldiers and their families, seen through the eyes of teenage Hayley. Hayley is struggling to forget the past. But some memories run too deep, and soon the cracks start to show. Stunning, hard-hitting fiction from an award-winning writer.

“Perfect for history buffs, dance enthusiasts, poets, and just about anyone looking for a great story.” –School Library Journal (starred review) From the Young People’s Poet Laureate Margarita Engle comes a searing novel in verse about the Zoot Suit Riots of 1943. Thousands of young Navy sailors are pouring into Los Angeles on their way to the front lines of World War II. They are teenagers, scared, longing to feel alive before they have to face the horrors of battle. Hot jazz music spiced with cool salsa rhythms beckons them to dance with the local Mexican American girls, who jitterbug all night before working all day in the canneries. Proud to do their part for the war effort, these Jazz Owl girls are happy to dance with the sailors—until the blazing summer night when racial violence leads to murder. Suddenly the young white sailors are attacking the girls’ brothers and boyfriends. The cool, loose zoot suits they wear are supposedly the reason for the violence—when in reality the boys are viciously beaten and arrested simply because of the color of their skin. In soaring images and searing poems, this is the breathtaking story of what became known as the Zoot Suit Riots.

Recreates the devastation rendered to the city of Philadelphia in 1793 by an incurable disease known as yellow fever, detailing the major social and political events as well as the time's medical beliefs and practices.

From acclaimed author Laurie Halse Anderson comes this compelling first novel in the historical middle grade The Seeds of America trilogy that shows the lengths we can go to cast off our chains, both physical and spiritual. As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom.

Thoughtful teen fiction at its finest. Kate Malone: popular straight A student, long-distance runner, pillar of strength to her single-parent dad. She thinks she can she can handle anything. Until it all goes wrong. Kate's life is spiraling out of control - and Kate's about to find out how exhilarating that can be.
