Since first appearing in 2002, Bryan Garner's *The Redbook: A Manual on Legal Style* has established itself as the go-to source for all questions of legal style (apart from citation form). The book isn't just one talented man's effort: Garner has two experienced coauthors plus a hands-on team of 54 editorial advisers, most of whom have long and valuable experience teaching LRW. The book is a one-of-a-kind resource--the legal writer's equivalent of *The AP Stylebook* or *The Chicago Manual of Style*. The brand-new fourth edition has lots of new material, including an especially helpful new chapter on handling quotations. The two exhaustive indexes (word and subject), plus the detailed table of contents, make it easy to find authoritative guidance within seconds, whatever the question might be. The author, Bryan Garner, is now the most frequently cited author in opinions of the U.S. Supreme Court. It's true: last term, four of his books were cited a total of 14 times (in the somewhat fewer than 90 cases decided). This term the count is on a similar pace. In American appellate decisions generally, Garner is at the top end of sources relied on. You can rely on him, too, in the most comprehensive, nitty-gritty resource available for legal writers: *The Redbook*. Don't leave home without it.

A new edition of the classic in legal writing covers the basics of the field with new examples that illuminate mechanics, word choice, structure, and rhetoric.

The authoritative guide to using the English language effectively, from “the greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of *The Chicago Manual of Style*’s popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. *The Chicago Guide to Grammar, Usage, and Punctuation* is a magisterial work, the culmination of Garner’s lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. “[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it.”—John E. McIntyre, *Baltimore Sun*

Since the 1987 appearance of *A Dictionary of Modern Legal Usage*, Bryan A. Garner has proved to be a versatile and prolific writer on legal-linguistic subjects. This collection of his essays shows both profound scholarship and sharp wit. The essays cover subjects as wide-ranging as learning to write, style,

persuasion, contractual and legislative drafting, grammar, lexicography, writing in law school, writing in law practice, judicial writing, and all the literature relating to these diverse subjects.

Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

An Indispensable Writing Guide for Students Authored by Bryan A. Garner, *The Redbook: A Manual on Legal Style* (4th ed.) is a writing manual that belongs on every law student's desk. It guides students through the writing of all course assignments, law-review work, summer clerkships and associateships, and it remains an indispensable guide in their professional careers.

A comprehensive guide to legal style and usage, with practical advice on how to write clear, jargon-free legal prose. Includes style tips as well as definitions.
