Lochaber, Highlands, Scotland. The People's Choice. Glencoe, in addition to offering one of the most stunning views in Scotland, is also attributed to being one of the best-exposed examples of cauldron subsidence. The origins of the volcanic rocks posed many problems for the early geologists such as Robert Jameson (1774 - 1854) and John MacCulloch (1773 - 1835) who visited the glen in the early 1800's.

Challenging, comprehensive and relevant, this textbook combines in-depth presentation with a stunning visual program. Earth Science: Geology, the Environment, and the Universe is a comprehensive program that provides thorough content with a wide variety of engaging laboratory experiences. Relevant connections are highlighted to emphasize an environmental application between the classroom and the contemporary world. Strong support is given to math skills using the content.

Strong support for reading comprehension makes earth science accessible to all students.

This resource offers 60 popular, tested labs and supports hands-on experience for students with diverse abilities. 17 labs are designed to be open-ended "Design Your Own" labs; 10 are mapping labs that will create opportunities to enhance essential earth science skills.

The sixteen labs in the Exploring Environmental Problems Lab Manual provide two types of labs: Calculator-Based Labs and Global Positioning System (GPS) labs. The lab problems reinforce environmental concepts presented in the textbook, but they can be used in conjunction with any other high school Earth science text.

Glencoe Earth Science standardized test preparation

Based on the Cornell note-taking format, this resource incorporates writing into the learning process. Directly linked to the student text, this notebook provides a systematic approach to learning science by encouraging students to engage by summarizing and synthesizing abstract concepts in their own words

The StudentWorks Plus DVD provides the complete Student Edition, student worksheets, and audio in one convenient package!
