Health is political
because the right to ‘ a
standard of living
adequate for health and
well-being ’ (United
Nations, 1948) is, or

coin. Just combining the words ‘ public ’ and ‘ health ’ makes a clear statement that health can only be achieved by the concerted action of many people who must work together in pursuit of a common goal.

Acknowledging this raises questions, though: How should they work together?

Politics by Jeri A.

Milstead

The key political debates in public health revolve around the primacy of economic over social policies (often referred to as neoliberalism), charity versus entitlements, and concepts of liberty. By its very nature the politics of health is ideological: it takes positions on the role and responsibilities
