Integrated Physics & Chemistry (IPC) Curriculum Overview ...

Even though this is Integrated Physics and Chemistry (IPC) you will still have to take the 8th-grade science STAAR test at the end of the year. This means you will have to push yourself extra hard but we all know you can do it. I will give an in-depth review for you before the STAAR test but it is ultimately up to you.

Chemistry Answers

While this course requires little math compared to most chemistry and physics courses, it teaches fundamental concepts of both chemistry and physics such that the publisher presents it as equivalent to two-years (or two credits) of high school science, meeting the requirements for both chemistry and physics. There is no lab work in this course.

Integrated Physics & Chemistry - Cathy Duffy

Integrated Physics and Chemistry from PAC is a 2 year, 2 credit curriculum. There are no labs included
