This is the book that restarted the James Dean cult by celebrating him as the cool, defiant visionary of pop culture who made adolescence seem heroic instead of awkward and who defined the style of rock 'n' roll's politics of delinquency. The only book to fully show how deliberately and carefully Dean crafted his own image and performances, and the product of still unequalled research, vivid writing, intimate photographs, and profound meditation, James Dean: The Mutant King has become almost as legendary as its subject.

This authoritative biography of film icon James Dean offers a clear-eyed look at the actor who crossed America's cinematic landscape with the brilliance and brevity of a meteor.

"What's important about Jimmy is that in spite of his short life, he had really lived-and with his beauty, he acted in ways that other actors only dream about." - Terese Hayden, producer, Camino Real Killed in a car crash at only 24, James Dean has become a tragic legend. Compared to a Marlon Brando, Dean rose to fame in the film East of Eden, based on the novel by John Steinbeck. American teenagers particularly related to Dean through his role in Rebel Without a Cause, where he portrayed an emotionally confused teen. This is the most comprehensive biography of James Dean ever written, based upon over one hundred interviews with people who have never before spoken on record. Val Holley delves into Dean's early life and training on stage and in television using research that is astounding in its detail and frequently lets his sources speak in their own voices. Praise for James Dean: The Biography: "Val Holley allows James Dean to be as wily, controlling, beautiful, seductive, sexually ambivalent, and actory as he apparently was. It's like suddenly having the gift of a fourth, posthumous movie to slip on the shelf." - Brad Gooch, author of City Poet: The Life and Times of Frank O'Hara "I was drawn in by its legwork and detail, surprising interviews, sweet

reasoning, and vivid characterization. This immortal of the screen stacks up as an American enigma." - Patrick McGilligan, author of *George Cukor: A Double Life*, "Val Holley's James Dean is obviously a labor of love, and very thorough." - *Washington Post Book World* "The most definitive biography yet written ... quite interesting without being sensational." - *Booklist* "Holley has produced a meticulously documented work that dissects Dean's personality as never before." - *Publishers Weekly* "Thoroughly researched and engagingly written, this is a worthy addition to the growing body of literature surrounding an actor whose life achieved mythic proportions as a result of his untimely death." - *Library Journal* "The freshest, most revealing, and probably the most truthful account of [Dean] I have ever read." - Alexander Walker, author of *Vivien: The Life of Vivien Leigh* Val Holley has written numerous articles on James Dean and H. L. Mencken. He lives in Washington, D.C. James Dean was his first full biography.

In the decades following his death, many of those who knew James Dean best — — actors, directors, friends, lovers (both men and women), photographers, and Hollywood columnists — — shared stories of their first-person experiences with him in interviews and in the articles and autobiographies they wrote. Their recollections of Dean became lost in fragile back issues of movie magazines and newspapers and in out-of-print books that are extremely hard to find. Until now. *The Real James Dean* is the first book of its kind: a rich collection spanning six decades of writing in which many of the people whose lives were touched by Dean recall their indelible experiences with him in their own words. Here are the memorable personal accounts of Dean from his high school and college drama teachers; the girl he almost married; costars like Rock Hudson, Natalie Wood, Jim Backus, and Raymond Massey; directors Elia Kazan, Nicholas Ray, and George Stevens; entertainer Eartha Kitt; gossip queen Hedda Hopper; the passenger who accompanied Dean on his final, fatal road trip; and a host of his other friends and colleagues.

TOO FAST TO LIVE TOO YOUNG TO DIE: JAMES DEAN'S FINAL HOURS

New York Times bestselling author Jen Lancaster takes you from sorority house to penthouse to poorhouse in her hilarious memoir of living the sweet life—until real life kicked her to the curb. She had the perfect man, the perfect job—hell, she had the perfect life—and there was no reason to think it wouldn't last. Or maybe there was, but Jen Lancaster was too busy being manicured, pedicured, highlighted, and generally adored to notice. This is the smart-mouthed, soul-searching story of a woman trying to figure out what happens next when she's gone from six figures to unemployment checks and she stops to reconsider some of the less-than-rosy attitudes and values she thought she'd never have to answer for when times were good. Filled with caustic wit and unusual insight, it's a rollicking read as speedy and unpredictable as the trajectory of a burst balloon.

There have been over 200 books written about James Dean over the years since his tragic car crash. It seems everyone has remembered, reminisced, examined, re-examined, defied and worshipped James Dean. To one man, however, the modern interpretations of James Dean ring hollow. For him, James Dean is not a mythical figure, but a living memory. This one man has never shared his story - until now: Lew Bracker, James Dean's closest friend. *Jimmy And Me: A Personal Memoir of James Dean* is a very personal narrative of a friendship that began with young men talking of girls, old movies and cool cars. Its abrupt interruption will break your heart. Many of the events and conversations in this book have never been shared or published before. You will laugh and you will cry. This book is not just a must-read for those having an interest in James Dean or for those curious about the real James Dean as told by the friend who knew him best. This is a compelling, brave and straightforward telling of a close friendship where the author paints a magnificent portrait of his friend, James Dean.

An intimate and searching visual portrait of the star-crossed Hollywood icon, James Dean

James Dean was a mystery, a nocturnal recluse who wandered the streets of Times Square at all hours, pursuing his constant observation and study of individuals, characters and street life of the American 50s. Roy Schatt was a well-known New York City photographer in 1954 when he approached James Dean and requested a portrait. Though he had just completed principal photography on the film "East of Eden" with Elia Kazan, James Dean was a virtual "unknown" to the general public. Dean agreed to sit for Roy under one condition. He wanted photography lessons. James Dean knew Roy had taught Elia Kazan and wanted to learn about photography and lenses himself so he could be a director someday. Roy agreed and this is their story. As part of Dean's education, Roy convinces Jimmy to enter a portrait contest in the Bohemian West Village of New York City. What ensues is an intimate gallery of a James Dean's closest friends including 4 academy award winners photographed by James Dean himself. Martin Landau notations and memories make this a historic look at a classic American Archive.
