This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory. Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value. Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.

Brealey, Fundamentals of Corporate Finance, 10e, is an introduction to corporate finance and focuses on how companies invest in real assets, how they raise the money to pay for the investments, and how those assets ultimately affect the value of the firm. It also provides a

broad overview of the financial landscape. The book offers a framework for systematically thinking about most of the important financial problems that both firms and individuals are likely to confront. Fundamentals is organized around the key concepts of modern finance. These concepts, properly explained, simplify the subject. They are also practical. The tools of financial management are easier to grasp and use effectively when presented in a consistent conceptual framework. This text provides that framework.

Now in its Twelfth Edition, Principle of Corporate Finance continues to be one of the most comprehensive and authoritative presentations of financial theory and practice available. The book has been substantially revised and now reflect some recent developments in the financial markets or company practice. It also aims to explain aspects of theory and concepts from an Indian perspective. This is a leading text worldwide and has proven to be useful to students and financial managers alike. Salient Features: - Real-life examples and citations - Detailed coverage of contemporary topics such as Efficient Markets, Peer-to-Peer Lending, Crowdfunding, Behavioural Finance, Ethical Behaviour, Hidden Leverage and Managing International Risks - Dedicated Chapter on What We Do Know and What We Do Not Know about Finance: Discussion on seven major ideas and the ten unsolved problems of finance - Finance on the Web and Beyond the Page sections give students the opportunity to explore financial websites, learn more about key concepts, try out calculations and understand tables and figures
