For sales managers, building science into the sales funnel of their company is not unlike compounding interest rates. Putting prospect information into a CRM solution and watching it is how you make fact-based decisions for your business. Say you want to grow from \$3 million in sales to \$20 million. How many salespeople do you need?

~~Why Sales Is Now a Science and an Art~~

Conroy also expects more from Exact Sciences' own sales team, which recently added more than 150 internal sales representatives. The expansion of the sales force will enable Exact Sciences to go after emerging opportunities. Last year, Exact Sciences won FDA approval to market Cologuard to people aged 45 to 49 years old. Exact Sciences estimates there are 19 million Americans at an average risk of colorectal cancer in that cohort, the vast majority of which are unscreened.

The Science of Selling is not one of those over-the-top sales books. There is no self-congratulatory vainglory, only facts that several pieces of research have put forth over the years. The author rejects conjectural selling in favor of science-backed selling. The research aspect of the book is robust.
