planning was replaced by strategic planning, and later by strategic management, a term that is currently used to describe the process of strategic decision making. Business policy, as defined by Christensen and others, is "the study of the functions and responsibilities

Where To Download Strategic Management And Business Policy, the crucial problems that affect success in the total Globalization Innovation And Sustainability 14th Business Policy and Strategic Management

The central difference between strategic management and business policies is that strategic management is a system that helps guide and direct a firm, while policies, on the other hand, are merely rules to be followed. Business policies alone are not enough to provide guidance for a firm, they merely tell members of the organization what to do.

organization have become task oriented, which causes the employee to seek to complete tasks one at a time with no unity of tasks, leading to a loss of sight of the organizational goals (Elkin, 1998).

Strategic Management and Business Policy | Case Study Template

The difference between policy and strategy can be summarized as follows- Policy is a blueprint of the organizational activities which are repetitive/routine in nature. While strategy is concerned with those organizational decisions which have not been dealt/faced before in same form. Policy formulation is responsibility of top level management. While strategy formulation is basically done by middle level management.
