Terlin Antennas – getting SWR down; Terlin Antennas – getting SWR down. 18 January, 2017 Written by Yves Bernier. 3 Comments. Dom (17-Jan-2017): Before heading off on a 2week trip to the (quite hot) Red Centre I was just doing a quick sweep of my HF antenna at lunchtime. Although I have a nice dip at 7060, it doesn't go very low, about 1.65:1. This limits my BW on 40m a bit. Antenna ...

~~Terlin Outbacker Antennas Manual – wsntech.net~~

This antenna has worked well for me in fixed-portable usage on hotel room metal balconies using a "jaws" clamp mount from High Sierra products, and on Field Day using the Outbacker Outpost ground mount. However, don't buy an Outbacker antenna with the remotest expectation you can get any after-the-sale service. I've been trying for months to get a replacement knurled locking nut that secures ...

I have for sale my trusty Terlin Outbacker WL-130 Mobile HF Antenna. This antenna is good on 80-10 metres, is 5'3" tall and splits into two sections for easy transport. It comes complete with Terlin's heavy duty base (US\$75 value) with a female coax jack attached. Also included is a brown vinyl carrying sleeve. This mobile antenna is a precursor to the Outbacker OB8SP Split model now available ...

~~FS: Outbacker HF Mobile Antenna~~

The wander lead is used for quick, easy, manual channel changing just plug one end into the lowest socket, wind lead around the antenna and plug the other end into the required frequency. Every antenna sold is permanently engraved with its own serial number for easy identification, or replacement.
