Terrorism And the Foreigner: A Decade of Tension Around ... This is the basic premise of "The Foreigner". Jackie Chan plays Quan, a small, unassuming Asian man whose daughter happens to be a casualty in a politically motivated London bombing. With little left to live for, he commits him self to revenge/justice.

This volume traces the developments in the laws and practices of the European Union and five of its Member States (the United Kingdom, Germany, France, the Netherlands, and Italy) at two points in time: first at the time of the Gulf War following Iraq ' s invasion of Kuwait in August 2000; secondly, following the terrorist attacks in the United States on 11 September 2001. The focus is on the legal status of immigrants and asylum seekers and how that legal status is being modified on grounds of security-related measures adopted over a period of about ten years. Particularly, the question is whether and how far situations have come into existence, which could be considered to be in conflict with fundamental principles of human rights.

Part reportage and part protest, *A Foreigner Carrying in the Crook of His Arm a Tiny Bomb* is an inquiry into the cultural logic and global repercussions of the war on terror. At its center are two men convicted in U.S. courts on terrorism-related charges: Hemant Lakhani, a seventy-year-old tried for attempting to sell a fake missile to an FBI informant, and Shahawar Matin Siraj, baited by the New York Police Department into a conspiracy to bomb a subway. Lakhani and Siraj were caught through questionable sting operations involving paid informants; both men received lengthy jail sentences. Their convictions were celebrated as major victories in the war on terror. In Amitava Kumar ' s riveting account of their cases, Lakhani and Siraj emerge as epic bunglers, and the U.S. government as the creator of terror suspects to prosecute. Kumar analyzed the trial transcripts and media coverage, and he interviewed Lakhani, Siraj, their

families, and their lawyers. Juxtaposing such stories of entrapment in the United States with narratives from India, another site of multiple terror attacks and state crackdowns, Kumar explores the harrowing experiences of ordinary people entangled in the war on terror. He also considers the fierce critiques of post-9/11 surveillance and security regimes by soldiers and torture victims, as well as artists and writers, including Coco Fusco, Paul Shambroom, and Arundhati Roy.

Terrorism law is as international as it is regionally distinct and as difficult to define as it is essential to address. Given recent pressures to harmonize terrorism laws from international organizations like the United Nations Security Council, the Financial Action Task Force, and the Council of Europe, this book presents readers with an up-to-date assessment of terrorism law across the globe. Covering twenty-two jurisdictions across six continents, the common framework used for each chapter facilitates national comparisons of a range of laws including relevant criminal, administrative, financial, secrecy, and military laws. Recognizing that similar laws may yield different outcomes when transplanted into new contexts, priority of place is given to examples of real-world application. Including a thematic introduction and conclusion, this book will help to establish comparative counter-terrorism law as an emerging discipline crossing the boundaries of domestic and international law.

Counter-terrorism law and policy has been prominent and widespread in the years following 9/11, touching on many areas of everyday life from policing and border control to financial transactions and internet governance. The European Union is a major actor in contemporary counter-

# Where To Download Terrorism And The Foreigner A Decade Of Tension Around The

terrorism, including through its development of counter-terrorism laws for application within the Union. This book undertakes a multi-disciplinary and empirically informed analysis of the impact, legitimacy and effectiveness of EU counter-terrorism. Taking into account legal, societal, operational and democratic perspectives, this collection connects theoretical and practical perspectives to produce an interdisciplinary and multi-stakeholder study of how we might measure and understand the impact, legitimacy and effectiveness of EU counter-terrorism. Bringing together a select group of experts in the field, particular emphasis is placed on understanding the practical experience of implementing and assessing these measures gathered from and with end users, including law-makers, policy-makers, security services, industry partners and civil society. This edited collection will be of great relevance to scholars and policy makers with an interest in counter-terrorism law, EU law and security studies.

Terrorism and Asylum, edited by James C. Simeon, thoroughly analyses terrorism 's use in forced displacement, to limit access to asylum, and to exclude persons from refugee protection, while offering practical alternative solutions for advancing human rights and dignity for everyone.

Particularly in the aftermath of the 9/11 terrorist attack, the threat of terrorism, however, defined, has been invoked as a common ' justification ' in the pursuit of remodelling policies, laws, and institutions, both at the international and in the domestic politico-legal showground. The broader central theme that this book explores is the normative vibe under which the present-day counterterrorism discourse is construed and sculpted in the legislative and institutional

# Where To Download Terrorism And The Foreigner A Decade Of Tension Around The

structures of an authoritarian state where the political power and government institutions are functioning under a single-party-monopolised system. Presenting the Ethiopian legislative and institutional frameworks as a case study, the book critically reflects on the extent that the international legal and/or institutional counterterrorism response is sensitised in a manner lessening the risk of conflating authoritarian regime ' s unbearable reactions to citizens ' legitimate demands and resistances against its repression vis-à-vis that of its response to the common threat of international terrorism. In particular, the book ponders whether or not the range of the substantive and procedural aspects of the Ethiopian antiterrorism legislative and institutional frameworks are wrought to fit into the main objectives and standards that emanate from the pertinent international laws relating to terrorism and the international human rights law as well as the domestic constitutional law maxims.

The objective of this work is to provide an analysis of the legislative approaches to counter-terrorism and human rights in Australia, Canada, New Zealand and the United Kingdom. The text is aimed at lawyers and practitioners within and outside common law nations. Although the text analyses the subject within the four jurisdictions named, many parts of the book will be of interest and relevance to those from outside those jurisdictions. Considerable weight is placed on inter- tional obligations and directions, with a unique and hopefully useful feature of the text being the inclusion and consideration of a handbook written by me on human rights compliance when countering terrorism (set out in Appendix 4 and considered in Chap. 13). A signi?cant part of the research undertaken for this work was as a result of my being awarded the International Research Fellowship, Te

# Where To Download Terrorism And The Foreigner A Decade Of Tension Around The

Karahipi Rangahau a Taiao, an annual fellowship generously funded by the New Zealand Law Foundation. The New Zealand Law Foundation is an independent trust and registered charitable entity under the Charities Act 2005 (NZ). This project would not have been possible without the Law Foundation's award, which allowed me to undertake research and associated work over reasonably lengthy periods of time in Australia, Canada, Israel, England, Austria, Switzerland and Finland. It is not just the geographical location of this work that was made possible, however.

In this book, it is explained that despite a current drop in the number of deaths, terrorism should still be considered a serious and widespread problem. However, the responses to this phenomenon are often more problematic from a long-term perspective. With the human rights framework under serious pressure, this edited volume offers a timely, important and critical in-depth analysis of human dignity and human security challenges in the lead-up, and in the responses, to current forms of terrorism. It aims to map how human dignity and human security can be secured and how law can constitute a source of trust at a time when Europe and the rest of the world continue to be plagued by terrorism. The authors are both established names and upcoming talent in this fastchanging and exciting field of law. They thoroughly analyse a variety of topical subjects, in more conceptual chapters—for example calling for the humanisation of the security discourse—and in highly practical contributions, in which for instance the Kafkaesque situation in which rendition and torture victim Abu Zubaydah still finds himself today is considered. This book, which focuses on, but is not limited to the situation in Western countries, aims to inspire not only academics—through further theorisation on the sometimes

# Where To Download Terrorism And The Foreigner A Decade Of Tension Around The

elusive but important concepts of human dignity and human security—but also practitioners working in the field of countering terrorism. It will hopefully convince them (even more) that following a human rights approach will be indispensable in securing human dignity and human security for all. Even—or in fact: especially—in times of terrorism.

Christophe Paulussen is a Senior Researcher in the Research Department of the T.M.C. Asser Instituut in The Hague, The Netherlands and Martin Scheinin is Professor of International Law and Human Rights in the Department of Law of the European University Institute (EUI) in Florence, Italy.
