Bob Woodward's latest study into American
Politics, 'The Price of Politics', is a
painful insight into how close America came
to crashing the world economy. But what is
more agonising is how appallingly the leaders
of the so-called world's political and
economic super-power behaved.

The Price of Politics is a comprehensive
account of DC's failed budget negotiations in
2011. To his credit, Bob Woodward created a
thorough description of the closed door
meetings and statements from political
leaders about the fiscal-related debate that
seized the center of attention a year ago.

What impact do politics and economics have on the property market? One of the few certainties in life, along with death and taxes, is that property prices rise... and property prices fall. How much this matters to you depends on your property plans - and whether you are a buyer, seller, investor or tenant.
